Happy 5th Birthday: Loving Paws & House Sitting!

We're delighted to announce that we're proudly celebrating 5 years of excellent service in the National Capital Region!

What began as offering pet and home care to an English clientele in only the Riverside South neighbourhood of Ottawa has grown to a team of more than twelve sitters providing English and French pet and home care to hundreds of clients in Ottawa, Gatineau and Smiths Falls.

So what makes LP&HS stand out from the competition and what gives us continued success?

- 🐾 **A great pet sitting team** – This means we have backup and a pet will never be left alone as there will always be someone to make the visit and provide care in case of an emergency.
- 🐾 **The best accreditation for pet sitters in Canada – ACPSN “GOLD”** – No other pet sitting service in the country has this rating!
- 🐾 **Professional service quality** – We have the longest list of commitments in the business when it comes to standards and code of conduct we maintain to excel in service & pet care.
- 🐾 **LovingPaws.ca** – our website is Canada's largest pet/house sitting website; clients can easily find anything about how we do business and request our services online 24/7.
- 🐾 **Informative and transparent** – We provide clients with full and easy access to detailed, quality information about our services, rates, policies and procedures. We constantly strive to communicate with our clients in a timely and professional manner.
- 🐾 **The obvious: competitively priced, insured, bonded and security-checked** – We're fully insured, each sitter is bonded, and we've meticulously verified references & backgrounds; our clients are well covered & protected.

We deliver great service – we truly are a professional in-home pet care service provider – as evidenced by the many clients who expressed positive opinions about us (click [here](#) to read some of these opinions on our website’s testimonials page).

As a way to celebrate our 5th-year anniversary, we decided to give back to the community of pets in need by significantly increasing our sponsorship of the Ottawa Humane Society’s annual Wiggle Waggle Walkathon. Click [here](#) to read our August 4, 2010 news release issued to all media in Ottawa.

Proud sponsor of OHS Wiggle Waggle Walkathon

The Ottawa Humane Society is holding its 22nd annual Wiggle Waggle Walkathon fundraiser this September. We couldn’t think of a better way to celebrate our 5th-year anniversary than by giving as much as we could to sponsor the event. Helping the OHS helps pets in need and it shows the extent to which we are serious about the wellbeing of animals in our community.

Why not do a small part yourself and join us at the Walkathon with your sponsor sheet in hand, or by making a heartfelt pledge to our team? We walk with hundreds of furry four-legged friends to help raise much-needed funds for the Ottawa Humane Society, and you and your pet are sure to have a great time – we always do.

If you would like to pledge our heartfelt team, please do so with an [Interac email money transfer](#) to “Loving Paws & House Sitting” and indicate which sitter, if applicable, you are sponsoring.

Group – Back to school Fitness for Paws

Make your dog happy and healthy by giving it the paw-fect gift it deserves; our **Fitness For Paws** dog walk service starts at just **\$15 per walk**.

Click [here](#) to access our *Fitness for Paws* webpage. Some conditions apply.

If “back to school” means your dog(s) will stop receiving daily mid-afternoon walks, then why not talk to your neighbour with a dog and start a group dog walk in your neighbourhood?

Group dog walks are ideal for you if your dog thrives on having a connection and interaction with other dogs. A group walk will help your dog(s) learn to socialize with other dogs. So why not give your dog(s) the gift of a “sibling” a few times a week without having to actually care for another dog in your home!

Ideally, group walks work best with 3 dogs, but groups of 2 to 5 also work; dogs should be in your neighborhood to facilitate organizing the group. If you’d like, we can assist you by mailing, on your behalf, a “Your neighbour wanted to invite your dog for a walk” package – just give us the name(s) and mailing address(es) of your neighbour(s) and we’ll to the rest.

Please join us to welcome our 3 new sitters!
